This product meets the demands and needs of a pet owner who wants cover for the ongoing costs of vet treatment, for illnesses and injuries, over the life of their pet.

Welcome

Thank you for insuring with Petplan.

We know that owning a rabbit is hugely rewarding but it can also be overwhelming at times too. As the UK's no.1 pet insurer we're here to help with your vet bills and we pay 97% of all the claims we receive. We also provide additional support to help you care for your rabbit throughout their lifetime. Register at petplan.co.uk to set up your MyPetplan account to see the full range of support available to you.

Our speedy, digital claims enable you to get the best care for your rabbit fast. Your vet can submit claims to us or you can submit them yourself via our website. We can also pay vets directly so you don't have to find the money first. The Covered For Life® plan you've chosen helps with ongoing vet bills because you can claim year after year for the same condition up to your yearly limit.

Petplan was started by a pet owner who realised there was a need for insurance to help cover the cost of vet bills. Over 45 years later our approach remains the same – we want you to claim if your rabbit needs treatment and we never charge more for claiming. The price of your plan will increase as your rabbit gets older, but you won't pay more for claiming.

We're here to support you and your rabbit if you need us.

The Petplan Team

Our Covered for Life® Promise

You have chosen **our** Covered For Life® Plan which provides ongoing help with vet bills. **We** provide genuine lifetime cover which means **you** can claim year after year for the same condition up to **your** yearly limit. All **you** need to do is make sure **you** pay **your** premium and renew each year without a break in cover and **we** promise to keep covering **your** approved claims throughout **your** rabbit's life.

Claims Pricing Guarantee

We guarantee that **we'll** never charge **you** more for claiming. **Your** price will increase every year as **your** rabbit gets older, but with Petplan **you** won't pay more for claiming. In fact if **your** rabbit needs treatment we want **you** to claim. **Our** pricing approach is different to most other pet insurance and one of the reasons why over 90% of customers renew each year.

How your premium will change

Your premium will increase every year. This is because of a number of factors, such as the greater risk of illness as **your** rabbit gets older and the cost of vet bills increasing over time. **Your** premium could rise significantly but **our** *Claims Pricing Guarantee* means that **we'll** never charge **you** more for claiming. This is why, if **your** rabbit needs treatment **we** want **you** to claim.

General conditions that apply to all sections of your policy

You must keep to these conditions to have the full protection of **your** policy. If **you** don't, and the condition **you** haven't kept to relates to a claim, **we** can refuse the claim.

1. Precautions

Throughout the **policy year** **you** must take all reasonable steps to:

- Maintain **your rabbit's** health.
- Provide a secure and safe environment for **your rabbit** to prevent **injury, illness**, theft or straying.

If **we** state that **you** haven't taken reasonable steps and **you** disagree, **you** can request that **we** appoint a mutually agreed independent national welfare organisation or **vet** for their opinion. If **you** ask for this, **you** agree to accept the independent opinion and **we'll** do the same. **We'll** pay any costs relating to this.

2. Providing routine care - what you need to do

You must make sure the following care is provided for **your rabbit**:

- **Dental care** - **your rabbit** needs to have their teeth checked by a **vet** at least once every 12 months. If **your vet** recommends any treatment during this check, it needs to take place within 6 months.
- **Preventative actions** - **you** must take any actions normally recommended by a **vet** to prevent or reduce the risk of **injury/illness**. Some examples of this are taking actions to prevent fly strike and ensuring **your rabbit's** a healthy weight.
- **Vaccinations** - **your rabbit** must be kept vaccinated against myxomatosis and viral haemorrhagic disease. If he/she isn't, **we** won't cover any amount for the **illness** that hasn't been vaccinated against.

3. Providing timely vet attention

If **your rabbit's** unwell and shows **symptoms** of an **injury/illness**:

- **You** must arrange for a **vet** to examine and treat **your rabbit** as soon as possible. If there's a delay in arranging **vet treatment** and **we** believe this resulted in additional costs, **we** won't pay the additional costs.
- **You** must follow any advice the **vet** gives. If **you** don't and **we** believe this resulted in additional costs, **we** won't pay the additional costs.

If **we** state **your** actions resulted in additional costs and **you** disagree, **you** can request that **we** appoint a mutually agreed independent **vet**, for their opinion. If **you** ask for this, **you** agree to accept the independent opinion and **we'll** do the same. **We'll** pay any costs relating to this.

4. Ownership of your rabbit

You must be the owner of **your rabbit**. **Your** cover will stop immediately, if:

- The rabbit detailed on **your** Certificate of Insurance isn't owned by **you**.
- Ownership is transferred to another person or organisation.

5. Where you and your rabbit live

- Your** and **your rabbit's** home must be in the **UK** at the address shown on **your** Certificate of Insurance. The only exception to this is for serving members of the UK Armed Forces with a British Forces Post Office (BFPO) address.
- If **your** or **your rabbit's** address changes, **you** must tell **us** as soon as possible as this can affect **your** premium and **your rabbit's** cover.
- Your rabbit's** cover can be affected if **you** give **us** incorrect information about where **you** or **your rabbit** live.

6. If your rabbit was unwell before your cover started

Your policy doesn't cover any **injury** that happened, or any **illness** that showed **symptoms**, before **your** cover started, unless **we** confirm the **pre-existing condition** is covered in line with the approach explained in the '**Pre-existing Conditions and Exclusions**' section on page 8. **You** need to read this to understand **your rabbit's** cover.

7. Any symptoms of an illness in the first 14 days of your rabbit's cover

If **your rabbit** has **symptoms** of an **illness** in the first 14 days of their first **policy year**, **we** won't cover any costs relating to that **illness**. This is whether treatment is needed within the first 14 days or later on.

We also won't cover any **illness** with the same **symptoms** or diagnosis that develops in any part of **your rabbit's** body. This could be:

- weeks, months or years later.
- even if **your vet** confirms the **illnesses** aren't directly related.

This 14 day timeframe doesn't apply to the start of any renewal year. Cover for **illness** and **injury** at renewal is continuous from the previous **policy year**. *For further details please point 5 in Conditions for Vet Bills and Pet Therapies.*

8. If your rabbit isn't in your possession when the policy starts

If **your rabbit** isn't yet in **your** possession or he/she's missing when **your** policy starts, the cover under this policy doesn't begin until **you** take possession or are reunited with **your rabbit**. Any incident, **injury** or **illness** that occurs before **you** take possession or are reunited won't be covered by **your** policy.

9. Providing information

You agree:

- To give **us** any information and documents **we** ask for to administer **your** policy and deal with **your** claim.
- That any **vet** or **therapist** who **you've** consulted with about **your rabbit** has **your** permission to give **us** any information **we** ask for about him/her. If a charge is made for this, **you** must pay the charge.

10. Paying your premium

Your rabbit's only covered under this policy if **you** pay the premium. If **you** pay by Direct Debit instalments and **you** miss an instalment, **you** must pay the outstanding amount within the timescales stated in the reminders **we** send **you**. If **you** don't, **we'll** cancel **your** policy back to the last day **you've** paid for cover. All cover for **your rabbit** will stop from that date and no further claims will be paid.

11. Renewing your policy

Your policy will cover **your rabbit** for 12 months as long as **you** continue to pay **your** premium. Every 12 months **you** need to renew this insurance contract to continue with **your** cover. **We'll** contact **you** before **your** renewal date with full details of **your** premium, excesses, policy cover and Terms and Conditions for the next **policy year**.

- If **you** pay **your** premium by **Direct Debit instalment** - when **your** policy's due for renewal **we'll** renew it for **you** automatically. If **you** don't want to renew **your** policy **you** need to let **us** know before **your** renewal date.
- If **you** pay by any other means - if **you** want to renew **you** need to arrange to pay **your** premium. **You** can do this by contacting **us** or making payment through **our** online self-service area at my.petplan.co.uk.

12. The changes we can make at the renewal of your policy

At renewal of **your** policy **we** can change the:

- Premium,
- Excesses that **you** pay, and/or
- Terms and Conditions of **your** policy.

We'll always tell **you** before **your** renewal date of any changes so **you** can consider if **your** policy still meets **your** needs.

13. The changes we can make during the policy year

We'll only change the cover **we** provide for **your rabbit** during the **policy year**, if:

- **You** decide to change **your rabbit's** cover.
- **You** didn't tell **us** about something when **we** previously asked.
- **You** gave **us** inaccurate information when previously asked, whether or not **you** thought it was accurate at the time.

*To understand when **we** may add or remove exclusions during the **policy year**, **you** need to read the 'Pre-existing Conditions and Exclusions' section on page 8.*

We'll only change **your** premium during the **policy year**, if:

- **We** find out **we** had inaccurate information about **your rabbit** that affects the premium.
- **Your** address changes and this affects the premium **we** charge.

We can also change the way **we** communicate with **you** if **you've** used inappropriate, aggressive or threatening language against a member of **our** staff. For example, **we** can refuse to speak with **you** over the telephone and only communicate in writing. Any other changes will only be made to **your** policy at renewal.

14. Keeping us informed of certain information

Throughout **your** policy **you** need to tell **us** about certain information. The things **you** need to tell **us** about are detailed in **your** Certificate of Insurance and it's important **you** check any new documents **we** send to understand the information **we** need. If **you** don't give **us** full and accurate information it can affect **your rabbit's** cover and whether **we** pay claims.

15. If you're a member of vet staff

If **you're** a **vet** or registered vet nurse, **you** can treat **your** own rabbit but if **you** want to claim, **you'll** need to provide the relevant clinical notes to confirm the **vet treatment** needed and another **vet** or registered vet nurse must countersign the claim form.

16. Claim decisions over the telephone

We won't guarantee on the phone if **we'll** pay a claim. Once **we've** received a fully completed claim form and all of the supporting information, **we'll** assess **your** claim and only then will **we** be able to let **you** know if **we'll** pay the claim. *Information about making a claim can be found on page 16.*

17. Other insurances

We won't make any payment for any claim that results from an incident covered by any other insurance. If there's any other insurance under which **you're** entitled to make a claim **you** must report the incident to that insurance company and tell **us** their name and address and **your** policy and claim number with them.

18. Legal rights against another person

If **you** have any legal rights against another person in relation to **your** claim, **we** can take legal action against them in **your** name at **our** expense. **You** must give **us** all the help **you** can and provide any documents related to the claim that **we** ask for.

19. Law and language

Unless **we** agree otherwise:

- The laws of England and Wales apply to this insurance contract.
- The language of the policy and all communications relating to it will be in English.

20. When you can cancel your policy

You can cancel **your** policy at any time with no charge. If **you** cancel this policy in the first 14 days:

- Of **your** first **policy year** - **we**'ll refund all of the premium **you**'ve paid.
- After **your** renewal date - **we**'ll refund any premium **you**'ve paid for cover after that renewal date.

If **you** cancel at any other time, **we**'ll refund the amount **you**'ve paid for cover after the cancellation date.

You can find **our** contact details on the back of this booklet.

21. When we can cancel your policy

- a) **We** can cancel **your** policy if **you** don't pay **your** premiums. *For details on this please read point 10 in this section - 'Paying your premium'.*
- b) **We** can cancel **your** policy at any time if:
 - **You**'ve been dishonest or fraudulent in any dealings with **us**,
 - **You**'ve continued to use inappropriate, aggressive or threatening language against a member of **our** staff despite **our** requests to stop, or

- **Your vet** or a welfare organisation informs **us** that **you**'ve been negligent towards **your** rabbit.

We'll give **you** notice in writing either by email or letter to the address **you** gave us and refund any amount **you**'ve paid for cover after the date **we** received the information that led to **our** decision to cancel.

22. Cover following cancellation of a policy

If **your** policy's cancelled or comes to an end for any reason, all cover for **your** rabbit will stop on the date the policy's cancelled/ends and no further claims will be paid. If **you** want **us** to continue to cover an **illness** or **injury** up to the limits on **your** policy, **you** must continue paying **your** premiums during this time.

Pre-existing Conditions and Exclusions

What is a pre-existing condition?

This is when **your** rabbit was unwell or had **symptoms** before **your** cover started with **us**. **We**'ll consider any **injury** that happened, or any **illness** that showed **symptoms**, before **your** rabbit's cover started a **pre-existing condition**.

For example:

Your rabbit was limping and the **vet** decided to carry out some tests. In the meantime, **you** start a policy with **us**.

The tests are carried out and they find **your** rabbit has arthritis. This arthritis is classed as a **pre-existing condition** as the **symptoms** were shown before his/her policy started.

It's important to read **our** definition of '**Pre-existing condition**' on page 5 as this will be used to assess if **your** claims are for a condition that's pre-existing.

Are pre-existing conditions covered by the policy?

We want to be clear at the start of **your** policy what **we**'ll cover so there are no surprises if **you** need to claim. This is why it's important that **you** tell **us** everything **you** know about **your** rabbit's health when **we** ask during **your** insurance application. **We** can then consider if **your** rabbit has any **pre-existing conditions** and if **we** can cover them.

When **you** tell **us** about **your** rabbit's **pre-existing conditions**, there are three possible outcomes:

- **We** won't be able to cover the **pre-existing condition**,
- **We** may be able to cover the **pre-existing condition** in the future, or
- **We**'ll cover the **pre-existing condition**.

1. We won't be able to cover the pre-existing condition

If the **pre-existing condition** is likely to affect **your** rabbit for the rest of his/her life (such as arthritis), **we** won't cover costs for that condition at any point in the policy. **We**'ll place a permanent exclusion on **your** rabbit's cover for the **pre-existing condition** and any related conditions. Any claims for an **illness**, **injury** or incident that falls under the exclusion won't be covered.

2. We may be able to cover the pre-existing condition in the future	<p>Sometimes we can't cover a pre-existing condition as part of a policy immediately. When this happens, we place a temporary exclusion on your rabbit's cover for the pre-existing condition and any related conditions.</p> <p>While the exclusions remain on the policy, we won't cover any claim that results from an injury, illness or incident that falls under the exclusions. However, we're happy to remove the exclusions if certain criteria is met. One example is if your rabbit has been clear of any symptoms for a set timeframe, which indicates they're unlikely to suffer the injury, illness or symptoms again.</p> <p>Once the exclusion is removed, your policy will cover the conditions that were excluded.</p>
3. We'll cover the pre-existing condition	<p>If we believe the condition is fully resolved and unlikely to happen again, we won't place any exclusion. This means we'll cover the pre-existing condition if your rabbit suffers the same injury, illness or symptoms again.</p>

Exclusions that can apply to the cover for your rabbit

What is an exclusion?	<p>An exclusion specifies what isn't covered for your rabbit, when it would usually be covered by our policies. It can refer to one or more health conditions, an entire part of your rabbit's body or an incident.</p> <p>For example, a policy covers vet treatment for arthritis, but for a rabbit that has pre-existing arthritis, we place exclusions for arthritis and any related conditions. This means that any claims that fall under these exclusions won't be covered.</p> <p>The Terms and Conditions combined with any exclusions explain what your policy won't cover.</p>
Where are exclusions shown?	Any exclusions on your rabbit's cover are detailed on your Certificate of Insurance, in the 'Exclusions and Clauses' section.
When are exclusions placed?	Exclusions are placed at the start of your cover based on your rabbit's vet history and your answers to our questions. However, if at some time later, we find out that when answering our insurance application questions, you didn't tell us about something or gave us inaccurate information (even if you thought it was accurate at the time) we'll place exclusions at that time. In these cases, any exclusions will be placed back to the start of your policy.
Are exclusions permanent?	Exclusions can be permanent or temporary. This is explained in the sections above ' <i>We won't be able to cover the pre-existing condition</i> ' and ' <i>We may be able to cover the pre-existing condition in the future</i> '.
How do I know if my rabbit's exclusions are temporary or permanent?	If we haven't explained this to you already, or if you would like to understand this more please contact us . We'll tell you if your exclusions are permanent or temporary and if temporary, what's needed to have them removed.
Will we automatically remove a temporary exclusion?	<p>To remove a temporary exclusion, we need confirmation that your rabbit has met our review criteria, for example, whether he/she has been clear of any symptoms for the needed timeframe.</p> <p>If we receive a claim for a condition that falls under an exclusion, we'll review your rabbit's vet history to determine whether we can remove the exclusion.</p> <p>For other exclusions, we can't automatically remove them as we won't know when our review criteria is met. When you feel the criteria has been met, you can send your rabbit's up to date vet history to underwriting@petplan.co.uk and we'll let you know if the exclusions can be removed. If we need any further information, we'll let you know.</p>

Cover

At Petplan, **we're** proud of the insurance **we** provide for pets - in fact, **we're** trusted by more pet owners to insure their pet's than any other provider. As long as **you** pay **your** premium, **we'll** provide cover for the following sections if they're shown on **your** Certificate of Insurance.

Vet Bills

Cover in this section applies when **your rabbit's** in the **UK** only

What we'll pay

The cost of **vet treatment** **your rabbit** receives during the **policy year** to treat **injury** and **illness**.

If needed to treat **injury** and **illness**, this also includes:

- Behavioural treatment
- Chiropractic manipulation
- Osteopathy
- Physiotherapy (*this doesn't include any form of hydrotherapy*).

Pet Therapies

Cover in this section applies when **your rabbit's** in the **UK** only

What we'll pay

The cost of any examination, consultation, advice, test and legally prescribed medication for the following for **your rabbit**, if needed during the **policy year** to treat **injury** and **illness**:

- Acupuncture
- Herbal medicine
- Homeopathy
- **Hydrotherapy**

A **vet** must refer **your rabbit** for the treatment and confirm this to **us** when **you** claim.

To be covered by the policy, any treatment under either section must be carried out by someone with certain qualifications or membership of certain organisations. Full details can be found on page 13 in 'Who's covered to carry out your pet's treatment'.

Our Covered For Life® promise and your maximum benefit

Your Covered For Life® plan provides ongoing cover for **illnesses** and **injuries**, year after year, as long as **you** continue to pay **your** premium and renew **your** policy each year (without any break in cover). **Your** policy provides an amount of money in each **policy year** for **you** to claim for all **illnesses** and **injuries**. This is called the **maximum benefit**. **You** have one **maximum benefit** for **Vet Bills** and a separate **maximum benefit** for **Pet Therapies**. The amount **you** can claim for each section, in each **policy year**, is shown on **your** Certificate of Insurance. Every 12 months, if **you** renew **your** policy, the **maximum benefits** are refreshed and **you'll** again have the full amounts to claim from in the next **policy year**. If **your** cover is cancelled or stops for any reason (including when the premiums aren't paid), all cover for **your rabbit** will end and no further claims will be paid.

What you pay - your excess

Both the **Vet Bills** and **Pet Therapies** sections have excesses. The excesses are the amounts **you** pay when **you** claim and these are deducted from **your** claim settlements. The excesses **you** pay for these sections are explained on **your** Certificate of Insurance.

How your excess can change

- For all rabbits - at any renewal **we** can change the excess amount. For example, increasing from £75 to £100.
- When **your rabbit** gets older - a 20% excess is added to **Vet Bills** and **Pet Therapies** at the renewal after **your rabbit's** 7th birthday. This is on top of any **Vet Bills** and **Pet Therapies** excesses already on **your** policy. **We'll** remind **you** of this at least a year before it happens.

What we won't pay under Vet Bills and Pet Therapies

1. The cost of any treatment for a **pre-existing condition**, unless **we** confirm the **pre-existing condition**'s covered in line with the approach explained in the 'Pre-existing Conditions and Exclusions' section on page 8.
2. The cost of any treatment for an **illness** that has **symptoms** in the first 14 days of cover, even if this treatment takes place outside of this timeframe. See *point 4 in Conditions for Vet Bills and Pet Therapies*.
3. The cost of any treatment to prevent **injury** or **illness**.
4. The cost of any treatment, diagnostic or procedure that **you** choose to have carried out, that:
 - The **vet** confirms isn't necessary, or
 - Isn't related to an **injury** or **illness**.**We** also won't pay for any complications that arise from these treatments/procedures.
5. The cost of killing and controlling fleas and the cost of general health improvers (some examples of health improvers are vitamin tablets or fibre supplements).
6. The cost of any treatment in connection with breeding, pregnancy or giving birth.
7. The cost of treating any **injury** or **illness** deliberately caused by **you** or anyone living with **you**.
8. The cost of any **vet treatment**:
 - If **your rabbit** has had more than 2 episodes of false pregnancy.
 - In connection with spaying following a false pregnancy.
9. The cost of surgical items that can be used more than once.
10. The cost of a post-mortem examination and/or report.
11. The cost of transplant surgery, including any pre- and post-operative care.
12. The cost of treatment that is part of a clinical trial. For the purpose of this insurance, a clinical trial is a research project testing new treatment.
13. The cost of any joint replacement(s) or prosthesis (also known as artificial body part) and any **vet treatment** needed to fit the joint replacement/prosthesis.
14. The cost of any products which are used to try to calm and/or de-stress **your rabbit**.
15. The cost of transporting **your rabbit**, including any costs to get **your rabbit** to or from any vet practice.

It's important that you also read the next section 'Conditions for Vet Bills and Pet Therapies' and 'Who's covered to carry out your pet's treatment' on page 13. These sections also explain limitations and areas the policy doesn't cover.

Conditions for Vet Bills and Pet Therapies

You must keep to these conditions to have the full protection under these sections. If **you** don't, and the condition **you** haven't kept to relates to a claim, **we** can refuse the claim.

1. **Timescales for making a claim**
You must send **us** your claim within one year of **your rabbit's** treatment. Any claims **we** get after this time won't be covered by the policy. If treatment is ongoing **you** must make sure that claims are sent to **us** at least once every 12 months.
2. **If your rabbit needs to be put to sleep**
Your policy covers the cost of putting **your rabbit** to sleep, if it's needed because he/she was suffering due to an **injury** or **illness** that the **vet** believes couldn't be successfully treated. If **your rabbit's** put to sleep for any other reason, for example because of aggression or behaviour, these costs won't be covered. **Your** policy doesn't cover the cost of having **your rabbit** cremated or buried.
3. **The maximum benefit that we'll pay**
Please read 'Our Covered For Life promise and your maximum benefit' on page 10 for more information about the maximum benefit. The most **we'll** pay for the cost of treatment is the **maximum benefit** that applies on the date the treatment's carried out. If the claim includes medication, the cost of the medication will be taken from the **maximum benefit** that applies on the date the medication will be used.
4. **Any symptoms of an illness in the first 14 days of your rabbit's cover**
If **your rabbit** has **symptoms** of an **illness** in the first 14 days of their first **policy year**, **we** won't cover any costs relating to that **illness**. This is whether treatment is needed within the first 14 days or later on.
We also won't cover any **illness** with the same **symptoms** or diagnosis that develops in any part of **your rabbit's** body. This could be:
 - Weeks, months or years later.
 - Even if your vet confirms the illnesses aren't directly related.An example is, if your rabbit starts limping in their right hind leg in the first 14 days of the first **policy year**, which is found to be due to hip dysplasia, this isn't covered in the right hind and **we** also won't cover any hip dysplasia in the left hind.
5. **When we cover dental treatment**
We'll cover the treatment of a dental **injury** or **illness** as long as:
 - **Your rabbit** had its teeth checked by a **vet** in the 12 months before the first **symptoms** of the **injury** or **illness** were seen, and
 - Any treatment **your vet** recommends during the check takes place within 6 months.**We** won't cover the cost of trimming, burring or rasping **your rabbit's** teeth.

6. The cost of feeding your rabbit

The only type of food **we'll** cover for **your rabbit** is liquid food. **We'll** cover this as long as the **vet** confirms it's essential to keep **your rabbit** alive. **We** won't cover any other food regardless of whether the food was prescribed by a **vet**.

7. Another vet reviewing your rabbit's details

We can refer **your rabbit's vet history** to a **vet** that **we** choose and if **we** request, **you** must arrange for **your rabbit** to be examined by this **vet**. **We'll** pay any costs for this.

8. If you claim over £10,000 during your rabbit's life

As **your rabbit's** insured on a Covered for Life® plan, **we** fully appreciate that the amount **you** claim can add up over the years - that's what is great about Covered for Life®, **you** can continue to claim for the life of **your rabbit** (as long as **you** continue to pay **your** premium and renew **your** policy without a break in cover). To make sure **your rabbit's** receiving the best treatment available, if **you've** claimed over £10,000 over the life of **your rabbit**, **we** can require one or more of the following:

- Before any further *Vet Bills* or *Pet Therapies* claims are considered, **your rabbit** needs to be examined by a specialist/consultant **vet** that **we** choose. **We'll** pay any costs for this.
- All future treatment (other than emergency life-saving treatment) needs to be authorised by **us** before it's carried out. **You'll** need to submit a pre-authorisation claim and then **we'll** let **you** know if **we'll** pay for the cost of treatment.
- All future treatment needs to be carried out together with a specialist/consultant **vet** or **therapist** that **we** choose.

If any of these are necessary **we'll** contact **you**.

9. The cost of house visits

- a) **We'll** cover a house visit if it's needed for the treatment of a behavioural illness. In all other cases, **we'll** only cover a house visit by a **vet** because:
- **Your rabbit** was suffering from a life-threatening **injury** or **illness**, and
 - Moving **your rabbit** would have significantly worsened his/her condition.
- We** won't cover any costs if the house visit was needed because of **your personal circumstances**. The attending **vet** needs to confirm the above when **you** claim.
- b) **We'll** cover the costs of treatment given by a mobile **vet** or **therapist**, but **we** don't cover their travel costs. When **we** receive a claim from a mobile **vet** or **therapist**, if the travel costs aren't separated from the consultation fee, **we'll** cover 60% of the consultation fee.

10. The cost of out of hours treatment and hospitalisation

We'll only cover the extra cost of **your rabbit** being:

- Treated outside of the vet practice usual opening hours, and/or
- Admitted into the care of a vet practice (also known as hospitalisation),

If there wasn't another option because any alternative could have seriously endangered **your rabbit's** life or welfare. **We** won't cover any extra costs if this was needed because of **your personal circumstances**. The attending **vet** needs to confirm this when **you** claim.

11. The cost of procedures you can carry out

There can be times when a **member of a vet practice** or a **therapist** asks **you** to give treatment to **your rabbit**. Some examples are giving tablets, applying ear drops, taking a urine sample, carrying out physiotherapy etc. If **you** aren't able to carry out the treatment due to **your personal circumstances**, **we** won't cover the cost of any other person or professional carrying out the treatment.

12. The cost to neuter your rabbit

We'll cover the cost of neutering **your rabbit** if it's carried out when **your rabbit's** suffering from an **injury** or **illness** and neutering is essential to treat that **injury** or **illness**. **We** won't cover the cost of:

- Spaying following a false pregnancy,
- Neutering to treat a behavioural illness or
- Chemical neutering.

Regardless of why **your rabbit's** neutered, if he/she suffers from complications during or after the procedure, **we'll** cover the cost of treatment needed to deal with the complications.

13. The cost to vaccinate your rabbit

We won't cover the cost of any vaccinations; however, if **your rabbit** suffers complications during or after a vaccination, **we'll** cover the cost of treatment needed to deal with the complications. *This doesn't apply if **your rabbit** must be vaccinated against **illness** as part of a compulsory mass vaccination programme, for details of this please see General Exclusions point 2b) on page 16.*

14. The cost of bathing and grooming your rabbit

We'll only cover the cost of bathing **your rabbit** when the product being used can only be administered by a **member of a vet practice**, according to the product guidelines. **We** won't cover bathing if it's needed because of **your personal circumstances**. **We** don't cover the cost of grooming and/or de-matting **your rabbit**.

15. When we cover behavioural treatment

If **your rabbit** has a behavioural illness, a change to their normal behaviour that's caused by a mental or emotional disorder, **we'll** cover the cost of behavioural treatment under *Vet Bills*.

We won't cover any behavioural illness that could have been prevented by neutering.

The treatment needs to be carried out by a person who fulfils the requirements in 'Who's covered to carry out your pet's treatment' in the 'Treatment of a behavioural illness' section on page 14.

16. The cost of equipment or machinery

We don't cover the cost of buying or hiring any type of equipment, machinery, animal housing or cages. These costs aren't covered by the policy and this is whether or not:

- A **vet** advises the item's needed as part of treatment for an **illness** or **injury**, or
- The item's needed due to **your personal circumstances**.

Some examples of equipment and machinery are heat pads and lamps etc.

17. Administration fees and other charges

We don't cover the cost of any administration fees or other charges. This includes:

- Fees for completing or submitting claims.
 - Fees for supplying supporting documentation.
 - Late payment fees or interest.
 - Any amount over £10 for postage and packaging.
 - Additional booking or payment fees.
- We'll** deduct these from the claim settlement.

18. Dealing with your vet practice

- a) If a vet practice asks **us** for information about **your** insurance cover, **we'll** only give this to them if they confirm they:
- Recently treated **your rabbit**, or
 - Have spoken with **you** about treating **your rabbit** in the near future.

In these cases, **we'll** only tell the vet practice if **you** have an active insurance policy with **us** for **your rabbit**, and if **you** do - the date cover started, the type of cover in place, the monetary limits of **your** policy, the excesses **you** pay and if there are any exclusions on **your** cover.

- b) **We** can usually pay a vet practice directly; however, if **you** ask **us** to do this, **we** have the right to decline the request.

19. Alternative treatments and therapies

- a) **We'll** pay for acupuncture, herbal medicine, homeopathy and **hydrotherapy** under the *Pet Therapies* section of cover.
- b) **We** won't pay for any alternative therapies other than those listed above.
- c) If **your rabbit** needs **vet treatment** to support the treatment listed above, these costs are covered under the *Pet Therapies* section of cover. Under the *Vet Bills* section of cover **we** won't pay for:
- Any other alternative pet therapies, and/or
 - Any **vet treatment** specifically needed to support any alternative pet therapies.

Who's covered to carry out your pet's treatment

This section explains who needs to carry out the different elements within the *Vet Bills* and *Pet Therapies* sections of cover. **We** aren't recommending any association and any decision about who treats **your rabbit** should be made by **you** after discussing with **your vet**. If **you** decide to use other therapists than those listed below, the treatment won't be covered by the policy. For everything other than vet treatment, acupuncture and homeopathy, if the treatment isn't carried out by a **vet**, **we'll** need confirmation that a **vet** referred **your rabbit** for the **injury** or **illness**.

- Make any claim with **us** that involves **your** dishonesty,

We won't pay **your** claim and **we** can void **your** policy, inform the relevant authorities/other organisations and record the details on anti-fraud databases. If **we** pay a claim and subsequently find the claim was fraudulent, **you** must repay **us** the full amount.

'Void **your** policy' means **we**'ll cancel **your** policy from the date the fraud occurred. If **we** take this action **you** must repay **us** any claim payments that **we**'ve made from the date the fraud occurred; this is regardless of whether or not all of the claims were fraudulent. If any other insurer asks if **you**'ve had a policy void, **you** need to tell them that **your** policy with **us** was void. If **you** don't, this can invalidate any insurance policy **you** hold with any insurer who asks.
